ABOUT
MYLES

Myles is a punk bred in the early 00's jamming to Blink 182, Good Charlotte and Greenday.. fast forward 20 years later met DJ Mac and created a hybrid between Metal/Rock and HIPHOP.

Myles has been involved in several projects throughout his career, including Msleads and Milk Mi, where he played guitar and provided backing vocals. His role with Lapes was particularly memorable as he composed the album "Merhba Malta" and contributed backing vocals. He also co-composed "The 6th Chapter" with D Legacy. As a solo artist, Myles has released two EPs: "Wasted Youth Facility" and "Chronic Feelings". Myles' story is one of resilience, self-discovery, and an ever-evolving love for music. From his early days as a wide-eyed child watching rock concerts on TV to his current exploration of hip-hop and metal, he continues to push boundaries and find new ways to express himself. With numerous projects on the horizon, there's no doubt that his musical journey is far from over.
